Jim Paradis Courtyard Show

July 31@ 2-4PM
Free Event

A modest sailboat on the New England coast is home for this Singer Songwriter. Aboard with his guitars and recording studio, he marries music and melody to the lyrics he scribbles on napkins and journals throughout his travels. The songs Jim Paradis writes evoke a sense of home, love & loss and the changes life brings to a searching soul. Jim's smooth, melodic voice and finger-style guitar work are the perfect compliment for his intimate and philosophical lyrics. But it is his magnetic warmth that lifts him above the rest. Jim draws people into the stories, into the energy, into the emotion of his heartfelt songs.

BROOME, CHENANGO & OTSEGO COUNTY DECENTRALIZATION (DEC) GRANT PROGRAM

PURPOSE AND HISTORY OF THE DEC PROGRAM:

The New York State Council on the Arts (NYSCA) is dedicated to preserving and expanding the rich and diverse cultural resources that are and will become the heritage of New York's citizens. In 1977, NYSCA developed the Decentralization program to ensure New York State's cultural funding reached every part of the State. This program is funded in all 62 counties, and funds are regranted at a local level. Through this program, not-for-profit organizations and individual artists may apply annually for grants up to \$5000 to help strengthen the arts and cultural programs in their communities. The goal is to make state arts support available to geographically, economically, and ethnically diverse segments of the state's population. The DEC Program has been administered in Chenango County since 1986 and Earlville Opera House began administering the DEC program in 2020 at the invitation of NYSCA. Nominations for grant review panelists are accepted on a rolling basis. For more information, contact Victoria Kappel at: victoria.kappel@earlvilleoperahouse.com

"This is my garden in Central New York.

Here I always enjoy the view.

Come stand beside me.

It is my greatest hope

that you will enjoy it too."

David Porter

"Collecting local historic photographs has been a great way for me to connect with my community. I especially like early stereoviews/stereographs. Since 1985 I have lived in Cazenovia, NY – Cazenovia has an especially rich photographic history. The early photographers of Cazenovia and other Central NY towns started producing affordable images in the late 1800's including stereo pair images, or stereoviews."

"Traveling the globe and taking photographs started out being a mission of self worth and ended up being a reflection of all humanity. Every person is unique but with common emotions and my work bridges together no matter who we are or where we're from, we are all human beings."

Do you remember concerts? Do you remember the sounds of happy voices as friends meet other friends out for the evening, the faint whiff of coffee from the Arts Café, the beautiful

original art work you pass on your way to the theater, the smiles of the volunteers, the faintly dusty smell of the beloved old building, the chats with seat neighbors, the dimming lights, and the anticipation of the exciting music you're about to hear?

Those are the things we've missed since the Earlville Opera House suspended operations in March of 2020, but we will be able to get back to the activities and people we've been missing very shortly.

2020 was a really tough year for us all, but especially so for businesses and venues that depend on bringing large groups of people together in one place.

Become a Sustaining Partner

Your beloved Earlville Opera House is facing tough new challenges during the pandemic shutdown. With no shows, no workshops or classes, galleries and gift shop closed and the theater dark we have lost major portions of our revenue. Besides lost ticket sales, no shows mean no corporate sponsorship or advertising sales, and no concessions sold in our cafe, no merchandise or sales in our gift shop at intermission, and no gallery sales. But you can help by becoming a Sustaining Partner!
